

5: Playtime

By: J.D. Carter

Word Count: 4,200

Status: First Draft

Content: *Slice of Life, High School, American, Anthro, Cat, Mouse, Striptease, Domination, Submission, Demeaning Talk, Anxiety, Panic Attack, Oral Sex*

Main Characters: Terra Kelly, Kadelya Shadow

Kadelya

It felt so wrong, it felt so right. Don't mean I'm in love tonight.

The stupid song got stuck in Kadelya's head as she stood on the futon mattress. "I served a mouse, and I liked it," she whispered, giggling. She'd dressed casually for this. She noted the smirk on Terra's face, the amused expression as she played with the song stuck in her head. She was about to strip for Terra, and they hadn't even kissed yet.

"Does the princess need a waltz to motivate her," Terra said, hopefully noting the nervous energy of Kadelya. "Or should I drop the beat and really make you shake your tail for your mistress?"

Nervous. Why was she nervous? She'd stripped for Sophie. For Mark. For all kinds of characters in her dreams. In her dreams she was usually the one with the power. Was being the submissive making her nervous? "S-some music would help," she said, her tail swishing. "If you want a show, mistress."

Terra's nose curled up, and it was so cute. She picked up her phone and flicked her fingers a few times. Speakers near the TV flared to life. Some sort of poppish club music, with a strong beat. Kadelya listened to it for a few seconds, letting her tail, then her hips, start to move with it, until she saw Terra watching her intently, a faint smile on her muzzle. Or maybe it was just the same smirk as before, but it seemed more focused.

Kadelya thought about what she had worn, now that she was about to take it off. She was dancing to serve, stripping to serve, in a show just for her new mistress. She had on a skirt, pleated, almost seifuku style. Short white tights underneath that were a little more sheer than they had once been. Her school sweatshirt. A t-shirt below that. She had underwear, of course. But she kind of wished she'd thought about being sexy... apart from her undies.

She reached down to her hips, where the long sweatshirt hung a little above the bottom hem of the pleated skirt she'd worn. She grabbed the bottom of the shirt and started to pull it

up, squirming and pressing her tummy forward as the t-shirt tried to cling into the sweatshirt, showing her belly off. Should she just let it go? Make it look like it was on purpose? Yes. She adjusted her grip to hold the t-shirt too, pulling both up together. Exposing the lacy light blue bra and hiding her face, she let her body change posture, hips pulling back, breasts pressing forward to display them as the fabric of her shirts rose up, entirely hiding her face and the warmth that probably meant she was blushing.

As the shirts pulled up, over and around her muzzle, past her nose, until she could see again, she felt herself being on display, on display for Terra, and the warmth in her cheeks flared up even more. Not just Terra, she felt, but her mistress. Her mistress, Terra. She recognized the song. It was one of the Hazbin songs, one she'd had Sophie strip to before. Several times. She started to sing along with it now that she recognized it.

Terra's jaw was hanging a little loose. Almost as if she was surprised Kadelya would know a song from such a popular indie series. Like somehow Terra was the only person in the school who knew about it. She grinned back at Terra and tossed her shirts to the sofa, then let her hands cup her breasts, stroking them softly as she straightened her posture, hands tracing down her belly, slipping under the waistband of her skirt, purring, smiling, and deciding then that she should just enjoy the moment. The show she could give.

Her left hand slipped around the back of her skirt and she slipped the clip in the back of the waistband, loosening the waist above the tailhole, and she started to slide the skirt down. Swaying her hips as each hand took turns slipping down her hips, exposing the white spats, probably with the lacy light blue panties already hinted through the fabric. As her hands slid the skirt down, there were no hitches. When she got below the widest part of the hips, she rolled her hips, presenting her body to her mistress, as if saying that her pussy was Terra's now. Of course, Mark and Sophie deserved it too, but now... so did Terra, right?

She let the skirt drop to the floor and did a slow turn around, letting her footpaws flex on the futon, her toes spreading out and claws even sticking out into the mattress a bit. She didn't want to damage it, but the reflex was hard to control as she spread her footpaws apart step by step, imagining how it would feel for Terra to grope her. There was no need for words.

She saw Terra's eyes roaming over her, looking hungry for her body. She saw the mouse spreading her own legs a bit and her right hand reaching under her skirt. She smiled, and she could feel the pleasure of seeing someone else enjoying themselves. Mirror neurons were firing as she watched her mistress seek pleasure in the show. It was likely that Terra had mirror neurons firing too, watching the strip show Kadelya was putting on.

The song changed. Something that felt like it belonged in the 1980s. Clubbish still. Funky. She let her body follow the beat as her mind processed the new familiar tune. It was one of those nerd bands her parents listened to. Ninja something? It wasn't a bad band... it was a kind of well chosen song for dancing. But the rhythm was different. It took a moment to get into the right groove.

Her right hand slipped into the spats first, gripping the hip as her left tried to push the elastic material enough to get into the other side. "Mistress," she mewled out, looking straight at Terra. "Please enjoy my body. Drink it in... claim it." Finally her middle finger got in, and the rest followed, and she let herself purr deeper and louder. She started to slide her spats down, and as she did, she closed her eyes. Hips swaying with the beat, sliding down whichever side was moving in as she groped at the muscle of her own thighs on the leg moving out, bending over, her tail swaying to keep her balanced. her ears twitching as she heard the sound of fingers over damp fur from her mistress.

Her breasts were hanging almost straight down as she finally lifted her left leg out of the spats, and then let them fall once she was firmly on both feet. Nothing but light blue lace kept her body covered from Terra now. And while she'd stripped in the locker rooms at school, stripping with the tension of dominance and submission and mind control was so different. She raised her left hand and gently stroked the crotch of her panties to confirm what she was sure of: She was hot and wet already, and had no plans to stop obeying Terra yet.

She ran her hands lightly up her legs, purring as they went against the flow of her fur, leaving her legs feeling a bit prickly and clumped, but in a very sexy way. She slipped her fingers under the lacy trim around the bottom of her panties. She was careful not to rip the delicate fabric, not gripping until she reached the solid cotton part of the undies. She felt her vaginal muscles tighten a bit as she tugged on the panties, sliding them down her thighs, purring so loudly she felt like she was going to lose track of the music.

As her hands and panties smoothed out the ruffled fur she felt her thrill growing. She even felt a little pang of concern, giving in this quickly, this easily. She should know better, but somehow it all just felt too good to worry about doing things properly. For today, tonight, she just wanted to do things with Terra and sort it all out tomorrow. Next week. Later.

"I want to please you," she murred out, standing up tall, legs spread to shoulder width, hips stuck forward and presenting her sex, her damp, maybe already dripping, hungry pussy. The kind of things she told Sophie, being applied even just in her own mind to herself, it was hot. She wanted to be controlled. She wanted a mistress. She wanted Terra.

"Then finish stripping, princess dork." Terra hadn't spoken a word since the show started. The firm, sneering look on her face, the tone in her voice. It all made Kadelya let out a strange squeaking moan, as if her purring weren't enough to show just how turned on she was. And seeing Terra playing with herself as she watched only made it hotter.

"Yes mistress," Kadelya said, her breath hitching halfway through the title. Her bralette matched the panties, and didn't have snaps or clips, it was a pullover, and that limited her options for really showing off a bit. But toss it, she wanted her mistress to see her naked. She wanted to bare herself for her mistress, to show her willingness to submit.

She grabbed the bottom of the fabric with her left hand, feeling the pleasure of showing off fill her body, and she started pulling that side of the bra up, breathing deeply, heavily, letting her breast POP! out when the bra got over the richest point of the swell. And then,

feeling her breast swaying, she switched to the other hand, her weak hand, and repeated the process. When she felt the liberating POP! on the right, she smiled, a teasing, coquettish smile (she hoped, she'd never done the teasing before), just for her mistress Terra.

It felt almost obscene, her bar pressing into the top of her modest mounds, both breasts swaying as she shook her body to the beat, the music almost taking her over. She felt... lewd. As sex positive as ehr family was, she never really felt like this with Sophie or Mark, or when she was alone. But now, doing it in a stranger's house, a stranger whom she wanted to befriend, whom she wanted to be hypntoized and enslaved by, but still Terra was a virtual stranger to her. She pressed her chest forward as she strighted her posture even more, feeling the weight of her breasts pulling her a bit further each way thsn she intended. She grapped the clumped up bra and tossed her inhibitions away. She was free to choose her own mistress, and this was what she wanted.

The bra was tossed playfully straight to Terra as Kadelya kept dancing. She felt almost free as that last bit of clothing came off, free, but in service. Free and showing off for the woman she wanted to take that freedom away. In this moment, she wasn't a mistress. She wasn't the class president. She want's a princess.

Take this pink ribbon off my eyes, she thought, the old song her mom and aunt loved to sing along with coming to mind. "I'm exposed and it's no big surprise," she sang, remembering the words, the rhythm, the harmony, and purring them out as she let her dance wind down, let herself descend from the proud, liberated, dancing lioness she felt like, to the defenseless kitten she wanted to be for Terra.

"Don't you think I know exactly where I'll kneel," she improvised here, staring at Terra, the dusty grey fur, the olive-colored jacket and the thigh-highs with matching stripes. She was squatting now. Her knees spread apart, baring her sex, her breasts on full display. She was suddenly aware of the choker she was wearing, the pink choker Sophie had given her for her birthday, the only thing she was still wearing. "Please make me happy to be at your heel."

Terra

Terra had been feeling her drive growing as Kadelya stripped. She was surprised at how sexy Kadelya could be, and she notices the faint difference between the belly and main fur of her prize in the making. This was *not* just a desire to play with Kadelya. It was not just a desire to fuck her, or fuck her up. No, what Terra was feeling now was almost perverse in her mind. She felt a desire not just to take revenge of Kadelya, but to take possession of her. Not just a play, but a deep, primal, desire to turn the princess into her property.

And so she was rubbing herself to the idea when Kadelya tossed her bra over. She stared and flicked her bonus button at the perky breasts, noticing th already hardened nipples of

the catgirl. It was strangely dissonant when the cat began singing a totally different song, some old piece by Gwen Stefani.

“I’m exposed and it’s no big surprise,” the cream-colored princess swung her hips wide, and then narrower, side to side, as she shifted into a kneeling posture. Punctuated with the net line, but the words were wrong... “Don’t you think I know exactly where I’ll kneel,” and she looked to Terra. She stared longingly at the mouse who was rubbing herself, right hand in her panties as she watched the beautiful feline falling to her knees.

She noticed the flash of pink as the slavegirl tilted her chin up, a choker, a collar, already around her neck. It looked beautiful except for one small thing: it wasn’t Terra’s.

“Please make me happy to be at your heel.” Oh, happy. Humiliated. Addicted. Terra would make Kadelya so much more than just happy to be kept at her heel. She would make her wake up longing to be stepped on, subjugated, dominated whether she liked Terra’s commands or not.

“I... I will be happy to claim you,” Terra panted out, using her left hand to beckon the catgirl closer to her. This felt too easy. But winning was all she cared about, so what if her victim was willing to surrender? “Come and show me how you use that tongue of yours, slave.”

She grunted and slid her skirt and panties off, removing her own hand from her snatch. She was wet both from the show and her own touch, but she wanted, she needed, to feel her claim made. She needed the princess to be her prostitute, and that would be a worthy treat before they thought about dinner.

“But before you lick... whose collar is that, bitch?” Kadelya was near her feet now. “Does someone else have the right to collar you?”

Kadelya paused and her left hand raised to the collar. “No... no mistress. It was a present, from Sophie. For my birthday.” She seemed self-conscious about it now.

“Does it mean she owns you?”

Kadelya shook her head hard. “It means...” she was hesitating. Like she wanted to pick cautious words, diplomatic words.

“Just answer, don’t think,” Terra said, spreading her legs. “Tell me what that collar means to you.”

Kadelya blushed as Terra was speaking, but sighed when silence came. “It means we love each other, and I have the authority to control her,” Kadelya said. “This is my mark as a mistress.”

Terra nodded slowly. “And there’s no pass through, is there?” She saw the eager nod. “But you’re going to need a mark as my slave too, princess. If I let you wear a collar to dominate

Brown... what should you wear to remind you that I own all of your submission?”

Kadelya paused and looked up at Terra. Her eyes seemed too bright for what Terra had in mind, but maybe forcing her to maintain her Pollyanna mindset while breaking her down would be hotter than making her a dere personality type. Constantly aware of how she loved being broken down by her Mistress while being forced to keep up the act of being perfect, seeing the best in everybody.

“Any ideas, slut? I bet you couldn’t handle a real slave collar anyway... but what would you be able to wear all the time to remember that I own your mind, your submission, and your snatch?” This was getting Terra even wetter. She didn’t need an answer, she just needed to drag Kadelya down to her level, shameless about her place at Terra’s feet and heels and even being her welcome mat if that’s what Terra wanted. “Natural hair, maybe? Wash out all those flashy highlights to show the total nerd you are deep inside?”

Kadelya nodded slowly at that, and even let out a soft, “Yes mistress,” that Terra barely heard over the music. It was some club beat with needy, demanding, degrading lustful words.

“Maybe you’d remember better if I got you a piercing,” Terra said. It was another hot idea, claiming the pain of a piercing, the sensation of it every time Kadelya remembered it was there. “Maybe something in the clit, where everybody who fucks you or licks gets to see your mark of submission to me?”

Kadelya moaned loudly, her hips writhing.

“Oh my gawd, you really are a total submissive nerd slut,” she said to the catgirl. “You’d let me do that too, wouldn’t you? What if I wanted to brand you? Burn my mark onto your flank forever... does that make you moan too, you slut?”

It did. The idea of being burned, either searing her fur or shaving it off for the mark still turned the princess on. Terra’s jaw dropped, she thought about it, and realized that that sort of thinking might be too shallow for the pussy kneeling in front of her right now. “No. You’re too slutty for either of those to really make you feel owned, aren’t you? You’d feel like you’re getting what *you* want out of me if I did that.”

Terra felt a beautiful smile of irony spreading across her muzzle, the idea that she couldn’t pass up forming in her mind. “NO pass through... but you agree that I’m your Mistress, and you submit only to me, right?”

Kadelya nodded and tried to push her head in between Terra’s thighs. “Not yet, pet. I own your orgasms. And I said I’m going to make you edge a lot... but I think the right mark of My ownership over you, of your submission to me...”

She let the tension hang in the air as she raised her sock-clad foot to Kadelya’s pussy, stroking along the delicate, pale fur on the feline mound.

“You need a chastity belt, bitch. You’re libido controls you more than I do right now,” she leaned forward and grabbed Kadelya’s chin. “You probably even think you could eat a mouse like me up if I get out of your line. Just pull yourself away from me. So if your libido is stronger than my control... nod.”

She loosed her grip slightly, not to let the entitled cat-bitch talk, but to nod. And while Kadelya seemed reluctant to do so, she *did* nod for Terra.

“That’s what I thought, just another cat in heat,” she spat out. “The only way to tame you is to start with controlling your libido, by locking your pussy up. Edging when I let you out. No touching at all otherwise. I’ll get you a nice cute chastity belt,” Terra said. “And now you say, ‘Thank you mistress,’ got it?”

Kadelya’s eyes had shot wide at the prospect of a belt. She had tried to pull her face back, but Terra hadn’t allowed her enough freedom of movement for that. Terra saw her fighting the idea, but not fighting hard enough.

“Safe word or thank me,” she said, injecting venom and confidence into her voice.

There was no hint of the safe word. Five second. Ten. Almost half a minute passed before Kadelya stared up, her eyes watering slightly, her muzzle trembling, but now? Now she nodded. Terra loosened her grip more, and the catgirl spoke with a stutter.

“Th-hth-thank y-y-you.... m-mi-miss-mistress.”

Terra tightened her grip and pulled Kadelya into her crotch. “Good girl. Now lick me out. Show me what you know about pleasing your superior.”

She let go of Kadelya’s muzzle to let the stuck-up bitch prove herself. The licks started slow. The cat had a rough tongue, something Terra had read about, but never expected to be so strangely pleasant. Se’d though it would be exaggerated for the stories, but it really did feel a bit like sandpaper. But warm. Wet. She had a girl between her legs. Obeying her. Pleasuring her. Her worries about the feline tongue being uncomfortable were alleviated, and she was just trying to keep her own composure, to hide that this was her first time.

“Is that all you’ve got,” she hissed out, reaching down to grab Kadelya’s short hair. She tugged the cat closer to her pussy, locking the feline muzzle in place. “Lick like you mean it, whore.”

The force and the command both achieved results. Kadelya purred as he was pulled closer, and her tongue started to probe into the sensitive folds of the rodent. It got Terra hotter too, taking control, even if she knew the control was as much given as taken right now, got her hot. Using force made her wet. She raised her legs and wrapped them around the cat’s head. “My bitch doesn’t stop until I let her go,” she said, tugging Kadelya’s hair to force her to look up to Terra’s demanding, intense, eyes.

There was a strange hunger in Kadelya's eyes. She nodded as much as she could, licking at Terra's pussy, sniffing as she did, and her gaze lowering to focus on Terra's sex when the dominant mouse released the mane.

It felt good to take charge. Not just to fantasize about it, but actually doing it now. She'd read stories. She'd watched hentai. Even a few lesbian pornos. But those didn't capture the feeling of having a real living girl wrpped in her legs, licking her out, and submitting to her. They hadn't even gotten to hypnosis yet, or talking about what experience Kadelya really did have. But here she was, facefucking Kadelya freaking Shadow, the princess and class pres and Regina fucking George of her high school life, making her hated rival serve her after overshadowing her to be the best student academically too.

Terra felt like right now, she was the queen of Niemen Technical Academy, and she hadn't even started to really instill her authority into Kadelya yet. It was amazing, and she could feel her pussy muscles responding to the eager licks of her submissive catslave, and the purring that made it feel like that tongue was a little vibrator, and the soft, dsMOOTH fur betwene her thighs, nuzling as Kadelya lapped and licked at her.

She used her own hands to push up her shirt and fondle her breasts through the basic bra she wore. It was not lacy like Kadelya's, though her breasts were also smaller than her new pet's. Sensitive enough, though, and easier to manage and play with. She lightly groped and stroked them, letting herself enjoy the pleasure of controlling, the momentary bliss of being pleased by someone who was doign what *she* wanted them to do and not asking her for anything except take control that she already wanted.

"Gaaawwwwd," she moaned out. "Fucking dirty dorky nerds need to be lewd like us! Give me more, you pathetic little cunt-guzzler!"

And Kadelya obeyed. She seemed to be even more enthusiastic now, her tail swishing behind her liek mad as Terra clenched her legs together even more, feeling the purring of her slavegirl like a vibrator, treating the most populr girl in school like nothign more than a sex toy. And it felt like the world was wrong that Kadelya was barely even hypnotized into being her slave and was obeying her so easily, so eagerly.

All of a sudden she felt her body go tense. Cold. Tight.

It was too fucking easy. It couldn't be real. She pinched her nipples ard, harder, until she felt the start of tears in her eyes. *Nothing goes this fucking smoothly for me*, her mind yelled at her. *Abort! Abort!*

She squeeed her legs harder even though she wanted to spread them apart and scramble up to the top of the couch, but it took her too long to control herself and she felt her pussy clenching around the darting sandpapery tongue that felt alien and wrong inside of her, but still so hot she was almost on the verge of cumming.

Finally she yelled out one word.

“CAFFEINE!”
